

MEP PAVEL POC (S&D) IS PLEASED TO INVITE YOU TO A CONFERENCE

protecting wilderness in europe

Policy development to ensure preservation of untouched natural areas for future generations

Speakers include

Pavel Poc, MEP

Stefan Leiner, EC DG Environment

Toby Aykroyd, Wild Europe Initiative

Zoltan Kun, PAN Parks Foundation

Wilderness areas must be maintained and protected in Europe as they are a refuge for many species that would otherwise be extinct, besides, wilderness is a key to minimising the impact of climate change on our planet. However, Europe's untouched areas

still face widespread threats from logging and development – but there are many opportunities to enhance its protection that can be discussed three years after adoption of the Parliament's special report on wilderness.
